**PART 1: Review Comments**

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Compulsory</b> REVISION comments	<ol style="list-style-type: none"> <li>The objectives of the study were not clearly stated in the Introduction. The last sentence of the Introduction already stated results and not objectives. Further, the Introduction should also contain a good rationale for the conduct of the study.</li> <li>In the Results and Discussion, the discussion part was very limited. Do not merely present the results or findings as regards characteristics, composition, status, distributions, patterns, investment and income. Some implications of such results or findings should also be presented and discussed more deeply. The results of the present study may also be compared with the results of previous studies.</li> <li>In the Summary and Conclusion, include the significance or future significance of the findings of the study.</li> </ol>	
<b>Minor</b> REVISION comments	<ol style="list-style-type: none"> <li>Subtitles in the Introduction may be deleted (see lines 31, 35 and 40) and instead, transition phrases may be used to connect the ideas at the start of a paragraph to those ideas in the preceding paragraph.</li> <li>Provide some keywords below the Abstract.</li> </ol>	
<b>Optional/General</b> comments	<ol style="list-style-type: none"> <li>Additional references necessary for a stronger rationale in the Introduction and those that may be needed for an in-depth discussion in the Results and Discussion section may be sought for.</li> </ol>
