| Type of the Article | |

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline>)

PART 1: Review Comments

| | Reviewer's comment | Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here) |
|-------------------------------------|---|---|
| Compulsory REVISION comments | | |
| Minor REVISION comments | <ol style="list-style-type: none"> 1. Grammatical errors should be corrected and language style should be improved. 2. Introduction is too short. Adequate information and literature searches should be included. 3. Materials and Methods section should be revised. Sampling and Data analysis should be discussed properly. 4. Results and Discussion should be checked and sub-headings should be added for more meaningful. 5. Conclusion should be mentioned. 6. References should be written according to Journal format. | |
| Optional/General comments | | |
