PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<p>The findings of this study could help readers to understand the overall problems faced by the beekeepers in the study area.</p> <p>However, I would suggest the Authors to submit this manuscript for proofreading before it could be considered to be published in this journal.</p> <p>The current version of the manuscript has serious problems with grammatical errors and the writing style is not up to the scientific writing standard. Some sentences are easy to follow and others are quite difficult to understand.</p> <p>The results explanation and Figures presented in the manuscript are a bit confusing because the Authors explained more on the data that were not presented in the figures.</p>	
Minor REVISION comments		
Optional/General comments
