General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/page/sdi-general-editorial-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	The manuscript is to be subjected to serious major revision. Revise the introduction with recent references, discuss the results with isotherms and kinetics. Mere comparison data was not sufficient to validate the results.	
Minor REVISION comments	Check the references according to the journal format	
Optional/General comments		

As per the guideline of editorial office we have followed VANCOUVER reference style for our paper.
