

**SDI Review Form 1.6**

Journal Name:	<a href="#">Journal of Pharmaceutical Research International</a>
Manuscript Number:	Ms_JPRI_51229
Title of the Manuscript:	Effects of a high dose of vitamin C along with thiamine in critically-ill patients with septic shock: a randomized controlled trial
Type of the Article	Original Research Article

**General guideline for Peer Review process:**

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline>)

**PART 1: Review Comments**

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Compulsory</b> REVISION comments	This is an interesting study however I have some comments: 1-How many patients were allocated to each group? 2-How many patients in each group need norepinephrine administration? 3- Does thiamine interfere with procalcitonin determination? In what direction?	
<b>Minor</b> REVISION comments		
<b>Optional/General</b> comments	This manuscript should have added to the title :” preliminary results “ Due to the small numbers of patients in each group	

**PART 2:**

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)	

**Reviewer Details:**
